

# Safeguarding

It is our job to protect you from harm and ensure you are taken care of.

Is there **something** or **someone** worrying you? Who can you tell?  
For example, are you worried about something at home?

You can tell **ANY** member of staff. If you are not sure who you tell you should go to your pastoral lead or one of the **Designated Safeguarding Leads** from the bottom of the poster.  
They can all help you.

## What happens when you share your concerns?

That member of staff will listen to you. They will then share your concerns confidentially through the Safeguarding system. Someone from the Safeguarding Team will provide support to help you and your concerns.
