Pupil Premium Policy

Overview

Pupil Premium was introduced in April 2011, and paid by means of a specific grant based on school census figures for pupils registered as eligible for Free School Meals in reception to Year 11. Pupil Premium also extends to children whose parents are currently serving in the armed forces and for looked after children. This premium is designed to address the emotional and social wellbeing of these pupils. The pupil premium is additional to main school funding, and it will be used by this school to address any underlying inequalities between children eligible by ensuring that funding reaches the pupils who need it most.

Objectives

- The Pupil Premium will be used to provide additional educational support to improve progress and to raise the standard of achievement for these pupils.
- The funding will be used to narrow and close the gap between the achievement of these pupils and their peers locally and nationally.
- As far as its powers allow, the school will use additional funding to address any underlying inequalities between children eligible for Pupil Premium and others.
- We will ensure that the additional funding reaches the pupils who need it most and that it makes a significant impact on their education.
- We will ensure that the additional funding is used to improve the lived experiences for children eligible for Pupil Premium.

Strategies

- The different Pupil Premium income streams will be clearly identifiable within the budget. The Academies recognises that the best practice is to “ring fence” this money.
- The Principal (or the designated staff lead for Pupil Premium), in consultation with the Governors and staff, will decide how the Pupil Premium is spent for the benefit of entitled pupils.
- The Academies will assess what additional provisions should be made for the individual pupils.
- The Academies will be accountable for how it has used the additional funding to support the achievement of those pupils covered by the Pupil Premium and the Principal (or their nominee) will report to the Governing body and parents on how effective the intervention has been in achieving its aims.
- We will continue to publish on the school website the Pupil Premium Strategy Statement which includes a review of outcomes for the previous academic year.
- We will ensure that parents, carers, Governors and others are fully aware of the attainment of pupils covered by the Premium.
- We will seek to further develop strategies and interventions which can improve the progress and attainment of these pupils. We will encourage all staff both teaching and support, to suggest innovative and creative strategies to support the progress of these pupils.
- We will track the impact of the strategies put into place through the funding to ensure that we can show the value that has been added to the education of the entitled children.

Outcomes

This policy will play an important part in the education development of the individual pupils who are entitled to the Pupil Premium funding. We will ensure that these pupils are treated equally and as favourably as others and that the additional funding is used well to address the challenges they face. The Academies will use the additional funding to promote the achievement and progress of these pupils. Through wise use of this additional funding, we are fully committed to ensuring that the individual needs of each entitled child are met. As a result of the additional funding, these children will make better progress and achieve higher standards that would have been unlikely without it.
