Careers Vision, Strategy and Impact

Equity

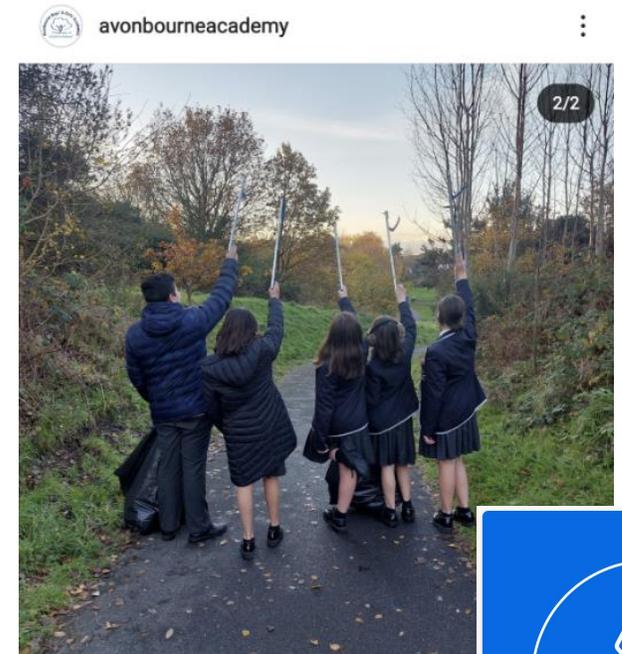

Research reveals that pupils from disadvantaged backgrounds have the least contact with employers while at school. This, in turn, leads to them being the most likely group to become NEET (Not in Education, Employment or Training).

Careers Vision, Strategy and Impact

Respect and Community

As well as increasing networking opportunity's for young people, we also need to teach them how to behave in a professional work environment and with members of the community.

We already work within our community but would love to increase this to include more local businesses.

Why work with Avonbourne

- ✓ Supporting the local community
- ✓ Students who want and need support
- ✓ A school looking to improve even further
- ✓ A great network of local employers
- ✓ Dedicated careers staff to work with
- ✓ Students with high aspirations
